---

VOLUME 26

---

*January 1946 - December 1946*

EDITED BY THE  
AGRICULTURAL INSTITUTE OF CANADA  
OTTAWA, CANADA

*Published monthly by the authority of the  
Chairman of the National Committee on Agricultural Services*

# SUBJECT INDEX TO VOLUME 26

	Page
Agricultural co-operation, Whither research in.....	529
Agricultural economics in Canada, Trends in the development of.....	479
Agricultural economics, Research trends in.....	490
Agricultural policy and agricultural economic research.....	494
Agricultural price policy.....	538
Agricultural prices, Whither research in.....	515
Agricultural products, Whither research in marketing.....	525
Agronomic Terminology.....	601
Alfalfa and sweet clover in Alberta, <i>Sclerotinia sativa</i> , and related species, as root parasites of.....	448
Alfalfa cuttings, An improved method of rooting.....	194
Alfalfa seed production in northern Saskatchewan as affected by bees, with a report on means of increasing the population of native bees.....	388
Alfalfa seed production in northern Saskatchewan as affected by <i>Lygus</i> bugs, with a report on their control by burning.....	130
<i>Alternaria Solani</i> in simple nutrient solutions, Growth of <i>Sclerotinia sclerotiorum</i> and.....	303
Apple orchards in Nova Scotia, The influence of spray programs on the fauna of I. An appraisal of the problem and a method of approach.....	590
Apple yields in the Okanagan valley, Some factors affecting: IV. Organic matter content of soil.....	460
Ascorbic acid content of tomato varieties and its retention in processed products....	83
Asparagus selections and certain cultural practices compared for yield, earliness and sex ratios.....	289
Bacterial black chaff of wheat, The diagnosis of.....	140
Bacterial content of dirty eggs, Effect of certain methods of handling upon the....	11
Bacterial content of egg melange, The effect of freezing and cold storage upon the..	34
Barley and Wheat, Detection of loose smut fungi in embryos of.....	51
Barley cross, Correlated inheritance of stem rust reaction, nitrogen content of grain and kernel weight in a.....	198
Barleys, Malting quality of Canadian. 5. Summary of seven years tests on Montcalm, a new smooth awned variety..	560
Barley varieties to wheat stem sawfly attack, The reaction of.....	216
Bees, with a report on means of increasing the population of native bees, Alfalfa seed production in northern Saskatchewan as affected by.....	388
Beet seed, The longevity of <i>Phoma Betae</i> in garden.....	305
Benzene hexachloride (666) as an insecticide, Preliminary experiments with.....	106
Book reviews.....	181, 230, 663
Carcass characteristics of Yorkshire barrows and gilts, A comparative study of certain performance and.....	265
Carcass excellence of proportion of animal protein in the hog diet, The effect on....	545
Cereal crops, A note on spring frost injury to.....	369
Cereals in Manitoba, The prevalence and control of seed-borne diseases of.....	59
Cereal smuts in Saskatchewan, Testing seed for smut spores as an aid in controlling..	372
Cheddar cheese, Contributions to the study of rancidity in Canadian, III. A comparison of the lipolytic activity of slight rancid and first grade samples.....	7
Cheese, Contributions to the study of rancidity in Canadian cheddar, III. A comparison of the lipolytic activity of slight rancid and first grade samples.....	7
